

Appl. No. 10/639,058
Supplemental Amendment dated August 15, 2005
Supplemental to Reply of June 20, 2005 to Office action of March 30, 2005
Docket No. 2000.004.00/US

REMARKS/ARGUMENTS

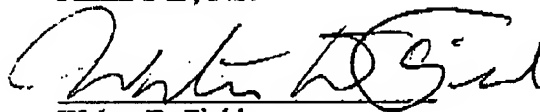

Applicant thanks the Examiner for the discussion of earlier today with reference to the present application.

In accordance with the Examiner's suggestion, applicant submits an amendment to the brief description of the drawings to briefly describe FIG. 20, consistent with the drawing as previously presented and recited in the specification. Applicant submits that no new matter is added and that this brief description merely recites that which was already implicit in the specification as originally filed.

In view of the above amendments and remarks, applicant requests the allowance of this application.

Respectfully submitted,

FIELDS IP, P.S.

Walter D. Fields
